

Canadian Securities Administrators Notice 43-305
CSA Mining Technical Advisory And
Monitoring Committee

Members of the Canadian Securities Administrators' (the "CSA") Mining Technical Advisory and Monitoring Committee (the "MTAMC"), have served their term and we are now requesting applications for new members.

The purpose of MTAMC is to advise the CSA on a variety of industry and professional developments related to securities regulatory issues including: disclosure issues raised in connection with the implementation and application of Regulation entitled National Instrument 43-101, *Standards of Disclosure for Mineral Projects* ("Regulation 43-101"). The MTAMC also serves as a forum for continuing communication between the CSA and the mining industry.

The MTAMC is composed of approximately ten individual volunteers from across Canada drawn from different sectors of the mining industry, from early stage exploration to production. The MTAMC meets approximately four times a year, mostly in teleconference. Members of the MTAMC will serve two-year terms.

The MTAMC is co-chaired by two representatives of the CSA; Deborah McCombe of the Ontario Securities Commission and Greg Gosson of the British Columbia Securities Commission. Representatives of The Toronto Stock Exchange and the TSX Venture Exchange Inc. sit as observers on the MTAMC.

Members are expected to have extensive technical expertise and a strong interest in securities regulatory policy as it relates to the mining industry. As such, familiarity with the legislation and policies for which the CSA are responsible is helpful. Individual practitioners and representatives of small and large public mining companies, industry associations, consulting firms and other interested persons are invited to apply in writing for membership on the MTAMC, indicating their areas of practice and relevant experience. Interested parties should submit their application by March 1, 2005. Applications and any queries regarding this CSA Notice may be forwarded to:

Deborah McCombe
Chief Mining Consultant, Corporate Finance
Ontario Securities Commission
